

THE CASSANDRA VIRUS

It's the near future. Computers are faster, cars run on fuel cells, and there's not much to do in the small town of Easter River if you're thirteen and not into team sports. Helen Chan-Fisher is happy enough trying singlehandedly to save the world's remaining amphibians from chytridiomycosis, but her friend Jordan O'Blenis is at a loose end. He may be...

Reader's Opinions

This was a great book that balanced its intriguing storyline well with ethical questioning. It was also enjoyable to read a book where the setting is familiar though fictionalized.
