Reader's Opinions

Haven't read a strictly romance in a long time so I was very pleased with the depth of this one PLUS all the chocolate! I would not consider this a strictly romance novel because of all the mystery elements. Good characters and a nice plot esp. the astrology angle. Hope to read more by this author.

This book was simply delicious. Sweet and romantic with a bit of a family twist. The book is based on a lost or stolen chocolate recipe that has made two families dislike one another. That is until ER Nurse Alex and NYC Firefighter Mike cross paths. If you believe in signs this book is just right for you. I loved it.
