Reader's Opinions

Disappointing. This was a fast read but honestly I don't get where all the praise is coming from. I thought the writing was just ok, the plot a bit slow until the end, and the ending a bit too much. I guess it was a plot twist but I saw part of it coming and the when thing seemed awfully contrived.

Simplistic writing with mostly one dimensional characters. The original Dutch title was Daylight. It seems American publishers think that anything with "girl" in the title will sell. This book apparently was written to be shocking but it's just plain boring. I got half way through and gave up.
