

# CLOSING THE MIND GAP: MAKING SMARTER DECISIONS IN A HYPERCOMPLEX WORLD

We have always struggled, as human beings. But our struggle today is exacerbated by a gap between the increasingly complicated world we have created and the default ways we think about it. Twenty-first-century challenges are qualitatively different from the ones that generations of our ancestors faced, yet our thinking has not evolved to keep pace. We need to catch up. To make smarter decisions -- as governments, organizations, families and...

## Peek Inside the Book

Complex thinkers attempt to extend to others the same self-forgiving bias that they offer themselves. Ted Cadsby, Closing the Mind Gap: Making Smarter Decisions in a Hypercomplex World //

## Reader's Opinions

What an amazing book! This is the one I am recommending to all my friends this year. The more confident we are in our thinking, the more likely we are to be doing it wrong. Our brains do not function optimally in the modern world: they have problems with ambiguity, probability, filtering information, and looking for missing data. We...

The author has an incredible ability to open up new ideas for a reader by introducing concepts that are well-researched and explained in a way that anyone could understand and appreciate. This book has
