

HOW TO BUILD A ROBOT ARMY: TIPS ON DEFENDING PLANET EARTH AGAINST ALIEN INVADERS, NINJAS, AND ZOMBIES

It goes without saying that robots kill. They hunt, swarm, and fire lasers from their eyes. They even beat humans at chess. So who better to stand with us when the real villains arrive? Movies instruct us that, whether we like it or not, we...

Reader's Opinions

Are you worried about alien, vampire, or zombie attacks? Well, pick up the book How to Build a Robot Army for the perfect solution. Daniel H. Wilson, who has a Ph.D. in robotics, has written a guide for building your own robot army to defend yourself from monstrous attacks. This is a completely scientific and factual guide to...

Wacky and fun. This little faux manual, complete with shiny cover and page edges, contains "tips on defending planet Earth against alien invaders, ninjas, and zombies." And yes, Daniel Wilson really does hold a PhD from the Robotics Institute of Carnegie Mellon University. There's a surprisingly large amount of actual scientific/technical...
