Reader's Opinions

Ok, this one is surreal. Black Panther gets mixed up with collectors and becomes a reluctant Indiana Jones. There's a lot of strange stories in this volume, but it is fun. Just not the Black Panther that we are familiar with.

I'm not gonna lie; this wasn't that enjoyable. This is my first venture into Black Panther, but the story want compelling or interesting. I do plan to try some other Black Panther though to see if something newer that has a better story.
