Reader's Opinions

I received a free copy of this book for an honest review. The Monster That Ate My Socks is a cute book for children about a monster that keeps eating the narrator's socks. His mom doesn't believe him, of course, so he and his best friend, Ryan, come up with a plan to catch the monster and end up...

A funny well-written story that the kiddies (4, 6, 8) enjoyed. The missing socks are really being eaten by monsters! The nicest part though is that the main character is a caring boy who wants to do the right thing by his mum and the monsters. Can he figure out a way?
