Reader's Opinions

Mini Comic Review - Daredevil: West Coast Scenario As I have said many times, Daredevil is not my favorite hero. However, I found this volume to be at least mildly enjoyable. The story opens with a 50th anniversary tribute to the horned one, almost what one might see as being the last Daredevil story. It took me out of my comfort zone...

this book was a great follow up to the first volume if you're a daredevil fan check this out it has a lot of range and emotion and deals with a lot of very human stuff which can also be one of its biggest flaws as it deals with a little too much at once. 4/5
