

SHIFT

The much anticipated prequel to bestseller Wool that takes us back to the beginnings of the silo. In a future less than fifty years away, the world is still as we know it. Time continues to tick by. The truth is that it is ticking away. A powerful few know what lies ahead. They are preparing for it. They are trying to protect...

Peek Inside the Book

There was no planning for insanity. With enough revolutions and elections, enough transfers of power, eventually a madman would take the reins. Hugh Howey, Shift //

Reader's Opinions

My rating is 4.5 By the second part of the book Silos is a little less good, but the first part of the trilogy. But the story is still great, very well written and keeps us tense all the time. The story leads us to the time of construction the silos and is accompanied by the main figure congressman Donald, who gets the task of the president...

Arggh! I like the concept. I wanted to find out what happens. I hated the execution! I found myself screaming at this book. I really liked the idea and I really wanted to keep reading to find out how it all ends, but I found aspects of the book really frustrating. You'll find yourself saying "for god's sake, just get on with it will you"...
