

THE WRIGHT BROTHERS

Two-time winner of the Pulitzer Prize David McCullough tells the dramatic story-behind-the-story about the courageous brothers who taught the world how to fly: Wilbur and Orville Wright. On December 17, 1903 at Kitty Hawk, North Carolina, Wilbur and Orville Wright's Wright Flyer became the first powered, heavier-than-air machine to achieve controlled, sustained flight with a pilot aboard. The Age of Flight had begun. How did they do it? And why? David McCullough...

Peek Inside the Book

The man who wishes to keep at the problem long enough to really learn anything positively must not take dangerous risks. Carelessness and overconfidence are usually more dangerous than deliberately accepted risks. David McCullough, The Wright Brothers //

All the money anyone needs is just enough to prevent one from being a burden on others. David McCullough, The Wright Brothers //

Reader's Opinions

"On July 20, 1969, when Neil Armstrong, another American born and raised in Southwestern Ohio, stepped onto the moon, he carried with him, in tribute to the Wright Brothers, a small swatch of the muslin from a wing of their 1903 Flyer." This was a very thorough bio of Orville and Wilbur, read by the author, the incomparable David McCullough....

All-in-all, David McCullough did a great job of writing a very readable 262 page book. At times the author presents some fairly technical details but he does so in a manner that can be appreciated by all. The focus
