Reader's Opinions

I like the topic more than the writing, which was slightly unfocused with undertones (and sometimes overtones) of self-aggrandizement and anti-intellectualism-- normally that would be easy to overlook but in the context of a book about Tantra it seems to be a distraction. It was off-putting that the authors infused a very divisive...

Intending to demystify Tantra to the West and to clear up some technical and historical inaccuracies that have been presented to Us, this couple show you how to develop your entire erotic powerhouse.
