

# WHY THE STAR STANDS STILL

"Your dad's Indian. Your mom's black. Why are you white?" Skylar St. Clair's been getting questions like these all his life. Skylar's home is the Nettlebush Indian Reserve; his family, the hundreds of Plains Shoshone living there. Skylar can't help it if he better resembles his biological mother, a woman whose untimely death left him with more secrets than memories. Skylar's father has been in...

## Peek Inside the Book

The world doesn't really change, does it? We come and we go, and we think we're so important, we can't possibly comprehend how the world doesn't come tumbling down when our lives do. It's so cold, so heartless. So beautiful. It doesn't matter how many of us walk across the surface of the planet. The sun will still rise when we've finished rising with it. The earth is no less warmer for our absence on it. Rose Christo, Why the Star Stands Still //

## Reader's Opinions

Skylar and Rafael are one of my favorite couples, probably in the top 5. Their love is so genuine. This is a great series. It fills my heart knowing that in another part of world, being gay is considered a "gift". Thank you Rose Christo for making me feel special. This whole series was magical.
