Reader's Opinions

Dog Passing Through by Andre Cruz A little girl loses both parents and fights back with her mothers art.This is a short story. The mode is hopeful and sad. Rebecca loses her Mom which is sad. She fights back when she loses her Dad. The story is compelling and touching. Magic is fleeting and the human character is flawed in this story....

This was a short story, it was OK but lacked character development which is why I don't usually like short stories. About a man who has gone blind, who also lost his wife and with a little magic, his daughter helps him out.
