Peek Inside the Book

When we say that the ancestors of the Blacks, who today live mainly in Black Africa, were the first to invent mathematics, astronomy, the calendar, sciences in general, arts, religion, agriculture, social organization, medicine, writing, technique, architecture; that they were the first to erect buildings out of 6 million tons of stone (the Great Pyramid) as architects and engineers not simply as unskilled laborers; that they built the immense temple of Karnak, that forest of columns with its famed hypostyle hall...
